

BLUE TOP D31M

THE ULTIMATE POWER SOURCE

- **MAINTENANCE FREE – AGM VALVE REGULATED – SPIRACELL TECHNOLOGY**

- BCI Group D31M, 12V
- CCA 900 / CA 1125
- Reserve Capacity [min]: 155@25 A
- Reserve Capacity [Ah@20hr rate]: 75
- Weight: 59.8 lbs.
- Length- 12 13/16 in
- Width- 6 9/16 in
- Height- 9 3/8 in
- Marine Terminal

SOME DAYS, ENDURANCE IS MORE IMPORTANT THAN LUCK

An **OPTIMA BLUE TOP** battery will keep you on the water longer. Its patented Spiracell Technology means more running time, faster recharge, and up to twice the life of traditional marine and RV batteries. Plus, it's spill-proof, can be stored longer, and has 15 times the vibration resistance, not to mention superior heat resistance.

If your boat has a lot of accessories such as lights, fish finder, trolling motor, radar, high performance stereo, bilge pumps or chart plotter it demands more from its battery. **OPTIMA BLUE TOP** Deep cycle batteries provide the cycling ability your boat demands while maintaining the cranking capacity it needs. When you use a **OPTIMA BLUE TOP**, you don't need luck!

Spiralcell Technology
for superior vibration resistance
and extended life

Solid Cast Cell Connections
for increased durability and
maximum plate height

Tightly Compressed Cells
for added vibration resistance

99.99% Pure Lead
Spiralcell design allows for lead
to be used in its purest form

Absorbent Glass-Mat Separators
holds electrolyte like a sponge to
eliminate acid spilling

KEY BENEFITS

Both dual-purpose and starting applications available

Up to 3x more recharges than other marine batteries

More than 15 times the vibration resistance

Spill-proof

Mountable in virtually any position
Maintenance-free

Optimal starting power (dual purpose and starting
applications available)

Works well as a boat battery or RV battery

BLUETOP® BATTERIES

The BLUETOP is a high-performance AGM battery with exceptional running time and more recharges than you'd get out of a traditional battery. On top of providing outstanding vibration resistance, the BLUETOP's efficient power delivery and faster recharge time mean you'll spend less time worrying about your battery. This means more time for fun. Again and again. This flexible boat battery and RV battery is ideal for those who need a sure-starting, strong-cranking, maintenance-free power source.
